

LANWORKS™

PERSONALIZED **IT** FOR YOUR BUSINESS

Personalized IT for Your Business

We know what it takes to be a successful IT partner and work hard to understand your needs at every touchpoint. As a result, over 60% of our customers have been with us for more than 5 years, and a remarkable 85% of our business comes from repeats and referrals.

TO SPEAK TO A
LANWORKS TIER-3
EXPERT ABOUT THE
CURRENT STATE OF
YOUR IT, CALL

905.212.1555

WE OFFER A SUPPORTIVE AND PERSONALIZED IT SOLUTION THROUGH:

CERTIFIED EXPERTS

- › Every Lanworks team member participates in 100+ hours of formal training a year, with 1 to 2 major certifications every quarter.

INTEGRATED TEAM

- › We provide a consistent, fully-dedicated tier 3 engineer for the entire duration of your project.

STRONG PARTNERSHIPS

- › We are proud to be recognized by leading industry vendors with the highest partnership levels offered, because of our commitment to excellence.

WHAT WE OFFER

Our services and solutions touch all aspects of IT, and we will implement in part or in full depending on your needs.

↪ CORE IT INFRASTRUCTURE AND VIRTUALIZATION

Lanworks will help you design and deploy an optimized architecture to meet or exceed your business requirements regardless if on-premise, private cloud, public cloud or hybrid cloud.

- Compute Infrastructure, Virtual and Physical
- Storage Infrastructure, Virtual and Physical
- Desktop Virtualization & Mobility
- Active Directory, Enterprise Collaboration
- Backup and Replication
- Disaster Recovery and Planning Services

↪ NETWORK INFRASTRUCTURE

Your network is the cornerstone of your business. Let Lanworks assist with a best-practice-based network infrastructure design and implementation that enables your current and future business.

- Core Switching and Routing
- Core and Perimeter Security
- Load Balancing, Application Acceleration and Traffic Management
- Network Analysis and Management
- Security Information and Event Management

↪ LIFECYCLE SUPPORT AND ENDPOINT MANAGEMENT

Effective Lifecycle Management includes integrated and repeatable activities that increase IT effectiveness and reduce operating costs.

- Asset Management
- IT Service Management/Helpdesk
- Business Process Automation
- Mobile Management
- OS and Software Deployment
- License Compliancy and Management
- Endpoint Protection/Encryption

↪ MANAGED SERVICES

We'll keep your software updated, your hardware running smoothly, and your servers organized so you can focus your energies on your core business.

↪ TRAINING AND SUPPORT

Our support services are designed to deliver maximum value to your business. The full portfolio of support services is accessible to each of our clients with minimum investment requirements.

Our IT Solutions Allow You to Focus on What You Do Best

From conceptualization to implementation to training, our goal is to put you in a position to do what you do best: your work. We take time to understand your business and will provide you with the expertise you need.

- You'll feel comfortable with every facet of your IT
- You'll have access to technical know-how whenever you need it
- You'll receive detailed weekly reporting so you know exactly what we are doing, when
- We'll handle all your compliance issues
- We'll teach you to teach your team to maximize your investment in IT

LANWORKS™

PARTNERS

			
			
			
			
			

Lanworks is our go-to partner in Ontario. The team genuinely cares about their staff, their partners, and their clients. They are knowledgeable, honest, and great people to work with who have a wealth of technical resources. We are proud to have Lanworks as an extension of the Juniper team and they are key to our success.

JAMES WILLIAMSON,
JUNIPER

We have worked with Lanworks for 15 years. They have a deep knowledge of our company, understand our culture, and can meet our needs with zero learning curve. We've realized substantial savings working with them and have access to an entire team's worth of expertise - not just one person's.
